In the Matter of the Application of Charter  
Fiberlink CA-CCO, LLC for Registration as an  
Interexchange Carrier Telephone Corporation  
Pursuant to the Provisions of Public Utilities  
Code Section 1013.

Application 04-03-005  
(Filed March 8, 2004)

**ADMINISTRATIVE LAW JUDGE'S RULING  
RE CONFIDENTIALITY CLAIMS**

In the above-captioned proceeding, Charter Fiberlink CA, Applicant, has filed a motion for protective order (March 8, 2004) seeking to maintain certain information as confidential under Pub. Util. Code § 583 and General Order No. 66-C. The information is described as “non-public information identifying all of the various affiliates of Applicant.”

The Commission requires each to file an annual report listing all affiliated companies and their relationship to the utility. In addition, each carrier is required to file a yearly affiliate transaction report that also discloses the affiliated entities and their relationship, business activities, and other transactions with the carrier. These filings are normally public information. On the face of its motion, the Applicant has failed to demonstrate why confidentiality should be afforded to the information described in the motions.

**IT IS RULED** that:

1. On or before April 16, 2004, Applicant shall submit additional information by way of declaration indicating why the information specified in the motions should be maintained as confidential.

2. Applicant shall also provide additional legal justification for its confidentiality claims, particularly the requirements of federal securities law that Applicant believes applies to this situation.

Dated April 5, 2004, at San Francisco, California.
